

HACRI-E2

Human–AI Collaboration Readiness Index

PRE-WORKSHOP BASELINE SURVEY

PURPOSE	Establishes your baseline AI awareness, attitudes, and collaboration readiness before the workshop program.
DURATION	Approximately 15–20 minutes.
STUDENT CODE	Enter the same code on both surveys: [First 2 letters of mother's first name] + [2-digit birth day] + [Last 2 letters of hometown] e.g. AN05TY
CONFIDENTIALITY	Anonymous. No identifying information is collected. Data is used only for program evaluation and research.

Student Code (required — use the same code on both Pre and Post surveys):

My code:

Survey Sections:

SECTION A	Your Background
SECTION B	AI Awareness & Literacy
SECTION C	Prior AI Usage
SECTION D	Attitudes & Perceptions Toward AI
SECTION E	AI Ethics & Academic Integrity
SECTION F	Human–AI Collaboration Readiness (HACRI Core)
SECTION G	Entrepreneurial AI Application [new]
SECTION H	Future Expectations & Institutional Needs

SECTION A Your Background

Help us understand who you are. All information is kept anonymous.

A1 What is your age? (Select one)

A2 What is your gender? (Select one)

A3 What discipline are you enrolled in? (Select one)

A4 What type of school did you attend before university? (Select one)

A5 Did your school offer any formal subject or module on AI or Data Science? (Select one)

A6 How would you describe your access to technology (devices, internet) during school? *(Select one)*

SECTION B AI Awareness & Literacy

Rate your agreement with each statement. 1 = Strongly Disagree → 5 = Strongly Agree Blue = AI Literacy · Gold = AI Readiness

Statement	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
B1 I can explain what Artificial Intelligence is in my own words	1	2	3	4	5
B2 I understand the difference between AI and traditional computer software	1	2	3	4	5
B3 I know what machine learning means in context of AI	1	2	3	4	5
B4 I can name at least three AI tools I have used or seen used	1	2	3	4	5
B5 I understand what a large language model (like ChatGPT) is	1	2	3	4	5
B6 I know that AI systems are trained on data	1	2	3	4	5
B7 I understand that AI can make errors and produce incorrect information	1	2	3	4	5
B8 I know the difference between narrow AI and general AI	1	2	3	4	5
B9 I am aware that AI is already being used in my field of study	1	2	3	4	5
B10 I could explain AI to someone who has never heard of it	1	2	3	4	5

B11 In one or two sentences, describe what Artificial Intelligence means to you. *(max 100 words)*

SECTION C Prior AI Usage

Tell us about your experience with AI tools before university.

C1 Which AI tools have you used? (Select all that apply) (Select all that apply)

ChatGPT or similar chatbots	Recommendation systems (Netflix, YouTube, Spotify)
Google Gemini / Microsoft Copilot	Voice assistants (Siri, Alexa, Google Assistant)
AI image generators (Midjourney, DALL-E)	AI tools in video games
Grammar/writing assistants (e.g. Grammarly)	None of the above
AI-powered search (e.g. Perplexity)	

C2 How frequently did you use AI tools during your school years? (Select one)

C3 For what purposes did you use AI tools in school? (Select all that apply) (Select all that apply)

Writing or editing assignments	Language learning or translation
Researching topics	Entertainment / personal use
Solving math or science problems	I did not use AI tools in school
Generating images or creative content	

C4 Did your school teachers encourage the use of AI tools for learning? (Select one)

C5 Have you ever been uncertain whether using AI on a school assignment was allowed? (Select one)

SECTION D Attitudes & Perceptions Toward AI

Rate your agreement. 1 = Strongly Disagree → 5 = Strongly Agree

D1 — AI Enthusiasm

Statement	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
D1a I am excited about the possibilities AI brings to my field of study	1	2	3	4	5
D1b I believe AI will make me more productive as a student	1	2	3	4	5
D1c I look forward to learning how to use AI tools in my university courses	1	2	3	4	5
D1d I think AI will create more opportunities than problems in the future	1	2	3	4	5

D2 — AI Anxiety [reverse-scored in analysis]

Statement	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
D2a I feel overwhelmed by how fast AI is developing	1	2	3	4	5
D2b I worry that AI might make my degree or future job less valuable	1	2	3	4	5
D2c I feel anxious when I think about having to use AI tools for my studies	1	2	3	4	5
D2d I am concerned that I will fall behind if I don't learn AI quickly enough	1	2	3	4	5

D3 — AI Trust

Statement	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
D3a I trust AI tools to give me accurate information	1	2	3	4	5
D3b I would verify AI-generated information before using it	1	2	3	4	5
D3c I believe AI systems can be biased or unfair	1	2	3	4	5
D3d I think AI decisions should always be reviewed by a human	1	2	3	4	5

D4 — AI & Human Identity

Statement	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
D4a There are things humans can do that AI never will (e.g. empathy, creativity)	1	2	3	4	5
D4b I think human judgment is still essential even when AI is involved	1	2	3	4	5
D4c I see AI as a tool that amplifies human ability, not replaces it	1	2	3	4	5
D4d I am confident in my ability to contribute something AI cannot	1	2	3	4	5

SECTION E AI Ethics & Academic Integrity

Rate your agreement. 1 = Strongly Disagree → 5 = Strongly Agree

Statement	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
E1 Using AI to write an entire assignment and submitting it as my own is dishonest	1	2	3	4	5
E2 Using AI to help brainstorm ideas for an assignment is acceptable	1	2	3	4	5

E3	I understand what my university's policy on AI use is	1	2	3	4	5
E4	I think universities should clearly define what counts as acceptable AI use	1	2	3	4	5
E5	AI systems can reflect the biases of the people who built them	1	2	3	4	5
E6	I am concerned about the environmental impact of large AI systems	1	2	3	4	5
E7	I believe that privacy is at risk when using AI tools	1	2	3	4	5
E8	I would speak up if I saw someone misusing AI in an academic setting	1	2	3	4	5
E9	AI should be developed with diverse perspectives to avoid discrimination	1	2	3	4	5
E10	I feel I have enough knowledge to make ethical decisions about using AI	1	2	3	4	5

E11 — SCENARIO

You are writing an assignment. You use an AI tool to draft the first version, then heavily edit it to reflect your own ideas and analysis. Is this acceptable?

E11 Your response: (Select one)

E11 Briefly explain your reasoning. (max 50 words)

SECTION F Human–AI Collaboration Readiness (HACRI Core)

Core instrument. 1 = Strongly Disagree → 5 = Strongly Agree

F1 — Cognitive Readiness

Statement	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
F1a I can tell when an AI-generated response is incomplete or incorrect	1	2	3	4	5
F1b I feel confident evaluating whether AI output is relevant to my task	1	2	3	4	5
F1c I can identify when a task is better done by a human than an AI	1	2	3	4	5
F1d I can break a complex problem into parts that could be handled by AI vs. by me	1	2	3	4	5

F2 — Behavioral Readiness

Statement	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
F2a I am willing to experiment with new AI tools in my studies	1	2	3	4	5
F2b I would ask for help or training if I didn't know how to use an AI tool properly	1	2	3	4	5
F2c I am comfortable adapting my workflow when AI is introduced	1	2	3	4	5
F2d I would actively try to improve my AI skills during my time at university	1	2	3	4	5

F3 — Social & Collaborative Readiness

Statement	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
F3a I can imagine working alongside AI tools as a regular part of my future career	1	2	3	4	5
F3b I am comfortable discussing how AI was used in a group project with peers	1	2	3	4	5
F3c I think teams that include AI tools can outperform teams that don't	1	2	3	4	5
F3d I would be comfortable telling a lecturer how I used AI in completing a task	1	2	3	4	5

F4 — Metacognitive Readiness

Statement	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
F4a I reflect on whether I am over-relying on AI when completing tasks	1	2	3	4	5
F4b I notice when using AI helps my thinking vs. when it shortcuts it	1	2	3	4	5
F4c I can monitor whether my own learning is improving or declining when using AI	1	2	3	4	5
F4d I set my own limits on when and how I use AI tools	1	2	3	4	5

SECTION G

Entrepreneurial AI Application

Rate your agreement. 1 = Strongly Disagree → 5 = Strongly Agree

G1 — Ideation & Opportunity Discovery

Statement	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
G1a I know how to use AI tools to generate or refine business ideas	1	2	3	4	5

G1b	I can use AI to identify gaps or opportunities in a market	1	2	3	4	5
G1c	I am confident using AI to stress-test or critique my own business idea	1	2	3	4	5

G2 — Market & Customer Research

Statement	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
G2a I know how to use AI tools to research a target market or industry	1	2	3	4	5
G2b I can use AI to analyse competitors and their positioning	1	2	3	4	5
G2c I understand the limitations of AI-generated market research and know when to verify it independently	1	2	3	4	5

G3 — Building & Validating (MVP / Product)

Statement	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
G3a I know how AI tools can help me build or prototype a product (e.g. no-code AI, AI-assisted coding)	1	2	3	4	5
G3b I can use AI to help design or refine a minimum viable product (MVP)	1	2	3	4	5
G3c I am confident identifying which parts of product development AI can meaningfully accelerate	1	2	3	4	5

G4 — Go-to-Market, Pitching & Fundraising

Statement	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
G4a I know how to use AI tools to help draft a pitch deck or business plan	1	2	3	4	5
G4b I can use AI to prepare for investor questions or due diligence	1	2	3	4	5
G4c I am comfortable explaining to an investor exactly how and where I used AI in my venture	1	2	3	4	5
G4d I know how to use AI tools to support marketing, sales, or customer acquisition	1	2	3	4	5

SECTION H Future Expectations & Institutional Needs

H1 How important is it to you that your university prepares you to work with AI?

Not important	1	2	3	4	5	Extremely important
---------------	---	---	---	---	---	---------------------

H2 Which of the following would you find most useful? *(Select up to 3)*

☐ A dedicated AI literacy course	☐ A peer community or club for AI learning
☐ AI tools embedded within my existing subjects	☐ Access to AI tools provided by the university
☐ Workshops or bootcamps on specific AI tools	☐ Career guidance on AI in my industry
☐ Clear university guidelines on AI use	

H3 How confident are you that your school prepared you for AI at university?

<i>Not confident</i>	1	2	3	4	5	<i>Very confident</i>
----------------------	---	---	---	---	---	-----------------------

H4 Should AI literacy be a compulsory part of every university degree? *(Select one)*

H5 What is the one thing you most want to understand about AI before finishing your first year? *(max 150 words)*

Thank you for completing the HACRI-E2 Pre-Workshop Survey. Keep your Student Code — you will need it for the Post-Workshop survey.
